I. Quarter Grading Procedure

- Formative Assignments – 10% of Quarter grade
  1. Individual Homework Assignments (Each assignment is 5 points)
     - To be successful in this class, students will want to stay current on their individual homework assignments.
     - If students do not complete an individual homework assignment, their score will be a 0/5, but students can still complete assignments until the end of the unit for full credit. The unit will always end with a unit summative test.
     - Individual Homework Assignments will be turned in through Microsoft Teams.
  2. Formative Quizzes-students usually have 2 or 3 formative quizzes per unit.
  3. Classwork-bell ringers, exit tickets, activities

- Summative Assessments- 90% of Quarter Grade
  1. Summative Unit Tests
  2. Summative Quizzes
  3. Projects

*** Students may retake any summative unit test or summative quiz for full credit **ONE TIME**. Preparedness for the second, more rigorous, assessment will be at the teacher's discretion and may include additional practice session(s) outside of class time. Re-takes must be taken outside of class and scheduled with the teacher and completed before the end of the semester. **Re-take scores will replace the original test score.**

II. Class Topics

1. Remaining Geometry Topics not covered in Math Honors 1 will be completed between the start of the school year and approximately around the first week of December.
2. The remainder of the year will be dedicated to Algebra 2 topics.
