

Exploration: EGYPT

The monkeys got mad and tried to get them!

Dear Parents, Teachers, and PEAKers,

It's time! This week, please come to our classrooms and see what the students have created! Students will put the finishing touches on their works: original Ancient Egyptian-themed stories, Pixton graphic novels (see example panels above), and masks. Then, younger students at Rossiter will come to our classes for the PEAK students to practice presenting to. After some constructive criticism and tweaks, students will be ready to present to YOU!

We'd love for you to join us at Rossiter School, in our PEAK classrooms, from 1:00-2:00pm on the students' regular PEAK days this week. Also, please feel free to stay afterward if you would like to discuss your child's PEAK experiences so far this year. We would love to meet with you!

This Week's Activities: Nov. 4 - 7

Communication: Creative Writing

I can create my own original written works and incorporate creative elements like style and voice.

Technology: Software

I can effectively use various software applications to create content for an activity or project with teacher guidance.

New Mythology - Students will work on their final team projects for this unit, which will be new stories set in Ancient Egypt. Our focus this week will be presenting the stories.

Egyptian Pixton - Students have used graphic novel creation software called Pixton to create visual elements for their original Egyptian Mythology stories. These digital creations will be a part of their final projects.

"Once Upon an Ancient Time...",

J. Slead & C. Sieminski
