Latin I Syllabus

Welcome to Latin I!

This is the first in a series of three courses which teach the Latin Language as well as aspects of the ancient Roman culture. This course emphasizes reading. However, you will be developing skills in listening, speaking, reading and writing Latin. Upon successful completion of this course, you should have the beginning skills for reading a simple Latin passage, writing simple sentences, responding to simple commands and asking basic questions.

Topics covered this year include the history of Rome, daily Roman life in Pompeii, geography, and Roman mythology.

This course will cover Stages 1-14 of *The Cambridge Latin Course*.

Students will need an electronic device because the textbook has an excellent online book. In addition classwork will be assigned on the following platforms: Quia, Socrative, Blooket, Gimkit, and Kahoot.
