

Online Math Textbooks

There are many useful resources for students and families available online with our math curriculum. To access these resources, please follow the steps below.

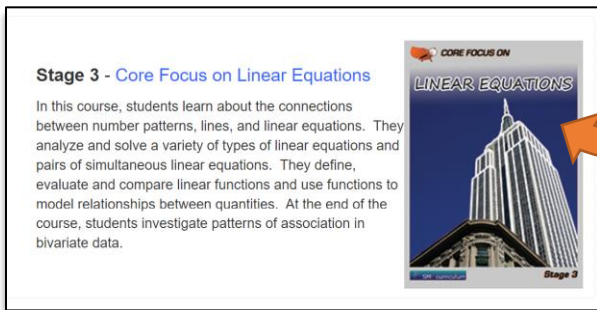

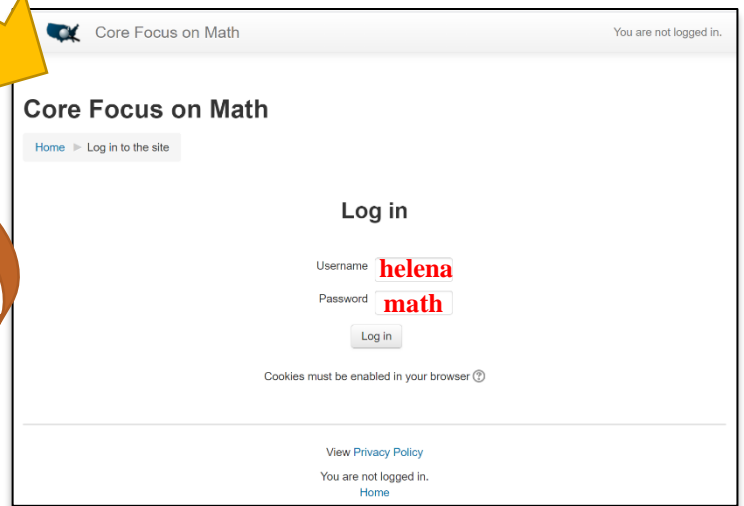

Core Focus Textbooks

Step 1: Go to www.corefocusonmath.com and click the green “Log In to Online Courses” button in the top right corner.

Step 2: For all students, the username is **helena** and the password is **math**

Step 3: This will lead to a page that has all the Core Focus textbooks. Find the textbook that you are currently working in and click the image of the book.

Step 4: Find the “Block” (Chapter) and “Lesson” and click to open the resources.
