2/23	Grade Check- Work Day	Grade Check- Work Day	Mini Lesson- Pathful	Weekly Email	Grade Check- Work Day

As we finish up the last half of the quarter, students in Core Curricular Lab (Structured Study Hall) will be focusing on career exploration through the pathful curriculum. Students will have the opportunity to explore careers they are interested in through virtual job shadows. Families can support this work by regularly checking in with your student about their grades, upcoming tests, and assignment completion, as well as helping them create a consistent routine at home for studying and work completion. Thank you for your continued partnership as we support students this school year. Please feel free to reach out with any questions.
